

**“AMIHACKS - LEGAL HACKATHON 2021”**  
ORGANISED BY  
**AMITY LAW SCHOOL, NOIDA**  
IN COLLABORATION WITH  
**LETS SCALE UP AND LEGAL TECH INDIA**

11<sup>th</sup> March to 14<sup>th</sup> March, 2021

## ABOUT AMIHACKS LEGAL HACKATHON

Ami-Hacks Legal Hackathon is a four days virtual hackathon which aims to encourage young students to create viable and innovative solutions to real-world problems. It is a platform for innovative developers, startup enthusiasts and budding entrepreneurs to come together virtually to ideate, innovate and inspire one another and the legal community.

## ABOUT AMITY LAW SCHOOL NOIDA

“Amity Law School, Noida” is one of the leading institutions in the field of law. It was established as a philanthropic initiative by our Honorable Founder Dr. Ashok K. Chauhan. Amity Law School, Noida has been conferred with the South Asia Legal Excellence Award, best emerging Law school award by SILF and MILAT along with the “Promising Law School” award by Legal Desire. It is the dream of our Founder President Sir to make it a world-class educational institute in India and beyond.

It has set the bench mark in legal education by providing ample opportunities for education, research and capacity building. Amity Law School, Noida aims to impart high-quality professional education in a vibrant academic ambience with distinguished faculty and resource persons from the industry. Amity Law School, Noida has proved to be an epitome of legal education by striving for excellence in all its endeavors.

## ABOUT LETS SCALE UP

Let's Scale Up is a one stop destination for all startup related services. They understand the product, marketing, legal, IPR and fundraising requirements of a startup and helps them to achieve these goals through its startup and legal consultancies.

LSU is currently working with more than 50+ Startups in the domain of edtech, fintech, drones, property management etc. Some of its startup like Probanko, Olivecoestate, Almspay have raised funding and are also featured in many national publication.

## ABOUT LEGAL TECH INDIA

Legal Tech India is an initiative started by Syed Asif Iqbal who is founder of advok8, almspay and let's Scale Up. Their motto is to introduce entrepreneurship among law students as career options, promote use of technology, and build a sustainable future of legal industry.

LTI conducts seminar, webinars, courses, competition and other events in collaboration with law schools to build the necessary ecosystem for nurturing smart entrepreneurs.

## OUR VISION

- The innovation and technology concentration will help prepare young lawyers/ students for employment outside of traditional legal jobs, such as– legal process outsourcing, electronic discovery services, online client lead generation, automated document assembly, online law practice management, and similar services.
- It will help young lawyersto augment their techno-legalskills and ability to innovate which can be achieved through the appropriate use of law practice, technology and other innovative practices.
- It aims at bringing the legal industry together with tech and innovation, with the sole purpose of developing solutions for improving the legal industry globally.

The above objectives are sought to be achieved by presenting ideas &conducting deliberations in the presence of eminent persons working at the intersection of law and technology. Several mentoring sessions as well as webinars will be conducted to help the participants throughout the hackathon.

- **Elevator Pitch** - An elevator pitch is a short description of an idea or product that explains the concept in a way such that any listener can understand it in a short period of time. This description typically explains who the thing is for, what it does, why it is needed, and how it will get done.
- **Pitch Deck** - A pitch deck is a presentation deck that is used to pitch your idea or company to any number of audiences, generally investors. One of the most important aspects of an effective pitch deck is to organize it based on the audience and forum to which it is being presented.
- **Product Mentoring**- The mentors will explain and help team regarding the process of building the tech product, features of product and UI process which includes building website or mobile app prototype.
- **Pitch Deck Presentation**- A PPT template will be given to a team and the teams will be required to prepare their startup idea ppt explaining the details mentioned in the PPT template.
- **Prototype**- Prototype means designs, chart or diagrams of the startup's website or mobile app explaining how the product will function.
- **Financial Mentoring**- The mentors will explain and help team regarding the process of fixing price of the startup's product or services, expenses, team size, connected source of revenues and requirement of funding in a startup.
- **Pitching before real investors (AMA)** - The teams will pitch before the real investors who will ask questions on business model, revenue model, amount the said startup is seeking to raise and where the teams will spend that amount if they get funding.
